

ARNOLD & SON
SINCE 1764

Arnold & Son and Sincere host jazz-themed cocktail party at Singapore Hilton

On 18 September 2015, fine watch manufacturer Arnold & Son from La Chaux-de-Fond, Switzerland, and Sincere, the name behind some of the most prestigious watch boutiques in South East Asia and Australia, hosted an exclusive cocktail party for watch collectors and connoisseurs at Sincere's Haute Horlogerie Boutique in the Singapore Hilton. The event also showcased two fabulous Arnold & Son models unveiled earlier in the year.

Arnold & Son and Sincere Fine Watches announced their partnership in winter 2014. Since then watch lovers and connoisseurs in Singapore have had direct access to a dazzling array of the brand's exquisite timepieces at the Arnold & Son corner in Sincere's Orchard Road flagship store. On 18 September, the partners hosted a VIP cocktail event for over 50 guests at the Sincere boutique in the Hilton Hotel Shopping Gallery. In his welcome speech, Operation Manager of Sincere Fine Watches Darren Wang explained that "the partnership venture had been an enormous enrichment for both Sincere and Arnold & Son."

ARNOLD & SON

SINCE 1764

Stars of the show were two outstanding recent additions to the Arnold & Son collection: the Golden Wheel and the Constant Force Tourbillon. The Golden Wheel, which belongs to the Instrument Collection, is the world's first watch to combine a “wandering hours” display – a complication with roots in the mid-17th century – and a True Beat Seconds. The Constant Force Tourbillon, which joins the Royal Collection, brings together a patented constant-force mechanism with a 60-second tourbillon, twin barrels and True Beat Seconds. Pointing out some of the outstanding features of the two timepieces, Arnold & Son Vice President Fabien Dutriaux also pointed out: “In Sincere Fine Watches we have found a partner who is ideally positioned to showcase our timepieces in an environment befitting their quality and image.”

A classy jazz duo provided the musical accompaniment for an evening to be remembered.
